### **Pinewood Elementary appreciates support**

Pinewood Elementary School's faculty, staff and students would like to thank The Martin County Education Foundation for awarding us funding to reinforce our guided reading materials. Our reading coach, Stephanie Redditt, chose outstanding materials to enhance our teacher's Resource Room which will benefit our school wide literacy initiative.

Thank you, Lisa Rhodes, and The Martin County Education Foundation for your support!

### **Hidden Oaks Middle grateful for donation**

I want to thank the Education Foundation of Martin County for its generous donation to Hidden Oaks Middle School's Career Exploration project for eighth graders.

As you know, the recent economic and health woes have placed added stress on our community. Combined with the other day-to-day difficulties that students encounter, this puts our schools in a pivotal role, providing more than just education for our students. While all of us are susceptible to hard times, children are most vulnerable and at risk, so thank you for providing support that will enrich the students' experience at Hidden Oaks and help them plan for their future.

With the generous support of people like you, we will be able to help many students work toward a brighter future with programs pursuing job training, higher education, and professional career paths. For more ways to make a difference in the lives of students, I invite you to offer students the chance to job shadow during the spring break or the summer to learn about the various opportunities available to them in career exploration. Thank you again for your support.

### **Amy Robertson, Hidden Oaks Middle School**
